

## **Pivotal High Flow GFC Qualified and Released By Leading US Process Equipment Company (OEM)**

**February 26, 2019, Fremont, California** - Pivotal Systems Corporation ('Pivotal' or the 'Company') (ASX: PVS), a leading Silicon Valley-based, international technology company, advises that it has today received notification that its new High Flow GFC product has been approved for immediate release by a leading US based process equipment company. This notification enables world-wide device manufacturers (IDM's) the ability to specify the High Flow GFC for new etch and deposition process equipment being ordered in 2019 and beyond. This agreement is effective immediately.

#### **About Pivotal Systems:**

Pivotal Systems Corporation (ARBN 626 346 325), is a company incorporated in Delaware, USA, whose stockholders have limited liability. Pivotal Systems provides the best-in-class gas flow monitoring and control technology platform for the global semiconductor industry. The company's proprietary hardware and software utilizes advanced machine learning to enable preventative diagnostic capability resulting in an order of magnitude increase in fab productivity and capital efficiency for existing and future technology nodes.

#### **Forward looking statements**

This announcement contains forward looking statements. All statements that address events or developments that we expect or anticipate will or may occur in the future are forward looking statements. These forward looking statements are based on the Board or management's beliefs and expectations based on information currently available to the Board and management. The Company believes that these forward looking statements are reasonable as and when made. However, you should not place undue reliance on any such forward looking statements which are inherently uncertain. We do not undertake any obligation to publicly update or revised any forward looking statements whether as a result of new information, future events or otherwise except as required by law or the ASX Listing Rules. Forward looking statements are subject to certain risks and uncertainties that could cause actual results, events and developments to differ materially from our historical experience, or our present expectations or projections.
